

## Alaska Division of Agriculture Hemp Program

### What is a Contiguous Location and Lot?

A contiguous field will not have breaks, fence lines, tree lines, or roads dividing the field. Any field division shall be seen as two or more separate fields. A “Lot” is contiguous planting of the same variety/strain of hemp.

Greenhouses and other indoor growing locations are treated as individual structures and need separate coordinates.

Contiguous Locations?	Diagram V = variety
Yes, 1 Field	
Yes, 1 Field, 3 Lots	
<b><u>No, 2 Fields, 2 Lots</u></b> <u>Reason:</u> Field divided by trees or hedgerow.	
<b><u>No, 2 Fields, 2 Lots</u></b> <u>Reason:</u> Field divided by stream.	
<b><u>No, 2 Fields, 2 Lots</u></b> <u>Reason:</u> Field divided by fence.	
<b><u>No, 2 Fields, 2 Lots</u></b> <u>Reason:</u> Field divided by space of more than 20 feet.	

<p><b>Yes, 1 building, number of Lots depends on varieties</b></p>	
<p><b><u>NO, 2 Buildings, multiple lots</u></b> Reason: Two separate buildings and multiple varieties</p>
