

## Online Native Plant Source Directory updates requested

The Plant Materials Center (PMC) publishes the “Directory of Alaska Native Plant Sources” in response to numerous requests from the public, industry, and agencies for sources of native plant materials from Alaska. This Directory depends on the response of suppliers, and does not claim to include all producers or sellers of native Alaskan plants. This is an online publication and is free of charge. By completing this form I understand my listing will also be included in the printed 2016-2017 Alaska Grown Source Book.

Examples of listings may include grass seed, wildflower seed and plants, Alaska trees and shrubs, and revegetation resources.

*To be included in the new directory YOU MUST REENLIST*

Name of Business: \_\_\_\_\_

Contact Name: \_\_\_\_\_

Address: \_\_\_\_\_

Phone: \_\_\_\_\_
